

Asian Pacific Division

WFLD World Federation for Laser Dentistry

Formerly ISLD, founded in 1988

Dear Colleagues

Re: The First Asian Pacific Division of the WFLD Conference 2019

Asian Pacific Division (APD) of the World Federation for Laser Dentistry (WFLD) has been the forerunner in providing evidence-based dental laser education in the Asia Pacific region for over the decade.

On 8-10th November this year, APD-WFLD, the Chinese Stomatological Association and China Centre for International Science and Technology Exchange will proudly co-host “The First APD-WFLD Conference 2019”, at the Grand Hyatt, Beijing, China.

At this scientific meeting, participants have the opportunities to learn from more than 15 experienced educators who are experts in utilizing Laser and Photonic technologies for oral disease prevention, diagnosis and treatment, in the Discipline of Periodontics, Implantology, Endodontics, Oral Surgery, Orthodontics and Pedodontic, as well as in Aesthetic and Digital Dentistry. Participants are also invited to attend the pre-congress workshop, which is included in the conference registration and are able to present their scientific findings and take part in the “Best Scientific Research Award” competition.

On behalf of the organizers, we cordially invite you all to this memorable technological meeting. Online conference registration and abstract submissions are now opened at www.csa_csld.

A handwritten signature in blue ink, appearing to read "Ambrose Chan".

Dr Ambrose Chan PhD (Med), MSDent, BDS (Hon), ClinDipDent, FRACDS, FICD
Chairman, First APD-WFLD Conference 2019
